ST. LOUIS FLIERS ROAR ON TO NEW LAURELS

ECLIPSE ANYTHING IN THE HISTORY OF WORLD AVIATION

SHORTLY AFTER 3 P. M. O'BRIEN
AND JACKSON COMPLETED
34TH HOUR

"MOTOR JUST GETTING NICELY
BROKEN IN," SAY TWO
AVIATORS

St. Louis, July 27.—(UP)—Aloft more than ten times the time Col. Charles A. Lindbergh required to fly from New York to Paris, the St. Louis-Robin confidently reached and passed the 34th consecutive hour of its endurance flight at 3:17 P. M. today.

"We want to see how long the motor will last under these conditions," Maj. William E. Robertson, sponsor of the flight, said.

"The usual overhaul period for that motor is from 250 to 300 hours, but we may be learning something that will save us a lot of bother."

St. Louis, Mo., July 27.—(UP)—Eclipsing anything in the history of aviation, the St. Louis-Robin flashed unconcerned past the two week mark at 7:17 A. M. today, roaring on to added laurels.

EARTHQUAKE SHAKES TAMBILLO, ECUADOR HOMES CRUSHED

Guyaquil, Ecuador, July 27.—(UP)—Several persons were killed and hurt in an earthquake which shook the town of Tambillo near Quito yesterday. Many houses were destroyed by the quake. The government has sent relief supplies to Tambillo. A report from Flago, the center of the tremor, said that 12 persons were killed there from falling walls.

The Robin fliers waved their greetings to the "Spirit of Faribault" as the visitors zoomed and circled around the endurance plane.

The elder Jackson was immediately spotted at the field for his close resemblance to his son. He volunteered the information "Red" had been flying "about six months before any of us knew anything about it."

In a message dropped last night—while upwards of 10,000 spectators watched—the fliers said:

"Everything O. K. Motor running good. Two weeks today—fourteen days. Good for another week at least—twenty-one days, 504 hours. Hope we can go beyond that."

Federal Farm Board to Form Farm Bodies into a \$20,000,000 Grain Marketing Combination

TO PUT UNDER 1 HEAD, ENHANCE THEIR EFFICIENCY

RESULTING IN REGULATION OF
MARKETS, AID IN DIS-
TRIBUTION

WOULD ELIMINATE WASTE, STABILIZE PRICES, PREVENT
FLUCTUATIONS

Chicago, July 27.—(UP)—Additional details of the federal farm board's plan to organize the co-operative farm organizations of the country into a \$20,000,000 grain marketing combine were worked out today by members of the board meeting here with representatives of individual farm groups.

Carl Williams, spokesman for the board, said that the farm experts felt there was "too little cohesion" among the 12,500 farmers' co-operative organizations now in existence and that the new combine would bring them all under one head and enhance their efficiency.

Williams said the board saw the following advantages in the giant combine:

The regulation of markets.
Increased efficiency of distribution.
Elimination of waste.
Stabilization of prices and prevention of fluctuations.

"Our plan," said Williams, "will have a tendency to increase the net return to the producer of farm products without increasing the cost to the consumer."

Rugged farm representatives consumed gallons of ice water at their Sherman hotel quarters today as they sat around the council table with the federal board. All of the conferees took off their coats and many of them rolled up their sleeves as they resumed their discussions of ways and means of solving the farmers' problems.

The farm representatives have not yet voted their approval of the board's plan but it was indicated that formal action on the proposal would be requested today.

Chicago, July 27.—(UP)—A \$20,000,000 grain marketing corporation, which would sell its products throughout the world, is the new federal farm board's first idea of farm relief.

The organization would be formed through a merger of farmer owned grain pools, co-operatives and elevator associations. It would be established along co-operative lines and be eligible for loans under the new farm relief act. It would serve as the intermediary between the board and the farmers' co-operative groups.

Details still are to be worked out. Alexander Legge, chairman of the board, told representatives of farmers' grain marketing organizations from the corn and wheat belts in Chicago yesterday.

Legge and his colleagues did not believe their plan would arouse antagonism between farmer-owned sales corporations and the boards of trade. They said many of the agricultural pools and grain associations already deal in the commercial markets.

Some of the features of the proposal are:

1. The corporation is not to be a government body.
2. It is not to be established by the federal farm board but created and managed by the co-operative groups which unite in forming the \$20,000,000 corporation.

3. Status of various pools and co-operative associations is not to be altered. They merely will combine for selling as one big unit.

"The present set-up of the co-operatives will not be disturbed," Carl Williams of Oklahoma City, a member of the board, explained. "The plan merely proposes a corollary organization which will be effective in grain sales. It will give farmers' elevators the advantages of an organization which will be able to touch the markets of the world."

All members of the board, except Secretary of Agriculture Arthur M. Hyde, were present. Every state in the wheat and corn belts of the middle west and northwest was represented.

CURTIS' FRIENDS RESENT ARTICLE IN AMERICAN MERCURY

River Point, R. I., July 27(UP)—Vice President Charles Curtis said today he had not yet read the article about him, appearing in the August issue of the American Mercury, which caused his friends in Kansas to voice great indignation.

"This is the first time the article has been called to my attention," he said. "When I return to Washington next week I will read it and then perhaps I will have something to say."

Curtis is staying at the home of his daughter here.

1 WOMAN DROWNS AS GERMAN EXCURSION STEAMER CAPSIZES

Berlin, July 27.—(UP)—One woman was drowned and another was reported missing when the Steamer Schwadt, plying between Schwadt and Stettin, Germany, capsized and sank 12 yards off the Stettin pier early today. The remainder of the passengers, said to have numbered 30, and the crew of five, were rescued.

POSSIBILITY OF PARLEY BETWEEN CHINESE, SOVIET

PEACEFUL SETTLEMENT OF THE
CHINESE EASTERN RAILWAY
DISPUTE DAWNING

FORESHADOWED BY AN OFFICIAL DISPATCH FROM VLADIVOSTOK TODAY

Moscow, July 27.—(UP)—The possibility of a conference between Chinese and Soviet officials for the peaceful settlement of the Chinese Eastern railway dispute in the far east was foreshadowed by an official dispatch from Vladivostok today.

The dispatch said it was rumored that the Mukden authorities were inclining "toward a solution of the conflict with the Soviet Union through an understanding in spirit of the Soviet people."

The official dispatch reported that "Mukden has undertaken steps to inform the Soviet Union of these plans."

This brief dispatch, unobtrusively sandwiched in among other news about the Chinese affair, was seen by many to hold the whole answer to the question of peace in Manchuria.

Meanwhile the press today continued to report alleged "atrocities" by Chinese officials toward Soviet citizens in Manchuria.

TACTICAL FLIGHT BY 8 BOMBING PLANES

Washington, July 27.—(UP)—A tactical flight by eight huge bombing planes from Langley Field, Va., to the west coast and return was authorized by the war department today. Major Hugh H. Knerr will command the flight which will leave early in August and make the following probable stops:

Scott Field, Ill.; Amarillo, Tex.; San Diego, Oakland.

The return will be made more slowly the itinerary including, Salt Lake City, Cheyenne, Denver, Kansas City; Dayton and Cleveland, where the squadron will attend the national air races late in August, returning thereafter to Langley Field.

ANOTHER CHAPTER IN DETROIT, MICH'S. GANGLAND HISTORY

Detroit, Mich., July 27.—(UP)—Another chapter in Detroit's gangland history was written in blood today with the slaying of Irving Shapiro, 25, alleged member of the notorious "Purple Gang".

Shapiro's bullet-riddled body was tossed from a large gray automobile in front of an east side apartment.

All marks of identification had been torn from Shapiro's clothing and only a \$50 bill was found in his pocket. Police established his identity through finger prints.

200,000 GATHER TO SEE THE POPE

1 FATALITY MARKED EMERGENCE OF PONTIFF FROM VATICAN LAST NIGHT

Vatican City, July 27.—(UP)—One fatality marked the emergence of the pope from the vatican last night, when more than 200,000 gathered in St. Peter's Square to witness the great ecclesiastical procession.

Romolo Pilo Russo, 44, a cab driver, fainted shortly before the procession emerged and later died at a hospital.

Workmen spent the night removing the wooden barricades which had been erected in the square to control the crowds and today the square took on its usual appearance.

Now that the pope has made his formal exit from the seclusion of the vatican, although he did not step beyond the confines of the vatican state, he is expected at any time to leave the vatican in reality and visit some other part of Italy.

FARM ISSUES EXPOUNDED ON WCCO MONDAY

Minneapolis, July 27.—(UP)—The first of a series of talk on farm issues confronting the Hoover administration will be heard over WCCO at 6 p. m. Monday.

The speakers provided by the sponsors of the "Minnesota Plan" of farm relief will be J. C. Morrison, publisher of the Morris Tribune, who will discuss the future of dairying.

Other talks will be given twice monthly.

REVISION OF INTERNATIONAL
RED CROSS CONVENTION, NEW
CODE FOR WAR PRISONERS

Geneva, July 27.—(UP)—Almost simultaneously with the coming into force of the Kellogg anti-war pact, abolishing war, 36 leading nations of the world, including the United States, signed two conventions today regulating the conduct of various aspects of future wars.

The first constitutes revision of the international Red Cross convention, giving the Red Cross increased facilities for caring for the wounded. The second establishes a new code for the treatment of future war prisoners.

The most remarkable feature of the war prisoner convention is the clause which might have saved the life of Edith Cavell. It provides that no prisoner shall be executed until after three months' notification to the home government.

Throughout the conference, lasting months, the American delegation insisted that prisoners should be guaranteed the highest humanitarian treatment compatible with the military interests of the countries involved.

Japan abstained from signing both conventions to enable the technical experts at Tokyo to examine them.

REMEMBERED LIBRARY BOOK ON DEATHBED

Greensburg, Ind., July 27.—(UP)—On her deathbed, Lorena Cissler, 10 years old called her father, Walter W. Cissler, to her side and whispered:

"Daddy, I have two books from the library and you must take them back for I am going on a long journey."

6 DAY HEAT WAVE CLIMAXED BY FRIDAY

106 DEGREES RECORDED AT BISMARCK, N. D., AND MILES CITY, MONT.

MOORHEAD AND EAU CLAIRE
HAD 102, BRAINERD
HAD 100

St. Paul, July 27.—(UP)—The sweltering northwest was promised "cooler" temperatures today after a six-day heat wave was climaxed Friday by the hottest weather in a quarter century.

Bismarck, N. D., and Miles City, Mont., saw the mercury climb to 106 degrees, Williston suffered with 104, Moorhead, Minn., and Eau Claire, Wis., dripped with perspiration at 102 and Brainerd with 100 while in the Twin Cities it was 97 degrees.

Records of long standing were shattered at Bismarck and Miles City while the temperature was higher at Eau Claire than it had been in nearly 25 years.

Excessive humidity added to the suffering everywhere in the region and was held responsible for the collapse of four persons in St. Paul and Minneapolis.

One youth, Royce Daley, 14, was drowned in Lake St. Croix, near Hastings, when he attempted to find relief.

Advices from the Crow Wing section of Minnesota today said farm crops were suffering from the heat. A temperature of 100 degrees Friday was reported from Brainerd.

Des Moines, Iowa, July 27.—The district clerk of Polk county didn't say whether it was the heat or not, but he pointed out that this week, when the thermometer has passed the 90-mark every day, but nine marriage licenses were issued. On the other hand 22 divorces were sought and secured.

HARRY LANGDON SCREEN COMEDIAN, WEDS ALICE CALHOUN

Hollywood, Calif., July 27.—(UP)—Harry Langdon, the screen comedian, and Miss Helen Walton will be married here tonight at the home of Alice Calhoun, film actress.

MUCH ORE TO BE SHIPPED FROM MINNESOTA MINES

St. Paul, July 27.—(UP)—More ore will be shipped from the Minnesota iron mines this year than any year in their history, Ray P. Chase, state auditor declared today after it was revealed 15,670,744 tons already had been shipped out since the first of the year. This figure was 50 per cent greater than last year.

Food for Flyers

Although their husbands, Forrest O'Brien and Dale Jackson, pilots of the record breaking St. Louis Robin, deserted them for the clouds twelve days ago, Mrs. O'Brien (left) and Mrs. Jackson (right), their wives, keep smiling and are shown here preparing food for the hungry fliers. Mrs. Jackson is known in the Brainerd district having been a frequent visitor at the home of her sister, Mrs. Elmer Peterson, St. Mathias township.

plane, they dropped word that everything was "OK," and O'Brien added: "I believe the motor is running just as good as it did the day we took off. It's just getting nicely broken in."

St. Louis, July 27.—Completing a fortnight in the air with as much apparent ease as it did the first day, the St. Louis-Robin attained 336 consecutive hours at 7:17 A. M. today.

"Good for another week at least and hope we can go beyond that," was the amazing assurance sent down by its co-pilots, Dale Jackson and Forrest O'Brien.

Their air-cooled Challenger motor "sounds as good as ever," said Arthur Nutt, chief engineer of the Curtiss Aeroplane and Motor Company, and with apparent conviction he added:

"I came here from Buffalo to see the St. Louis-Robin land, but I'm going home to get in a couple of days' work and return some time next week."

Everyone appeared to feel the same way about this longest flight in history, and as the weather held almost unbelievably calm the fliers' goal of "three weeks, 504 hours" was taken seriously.

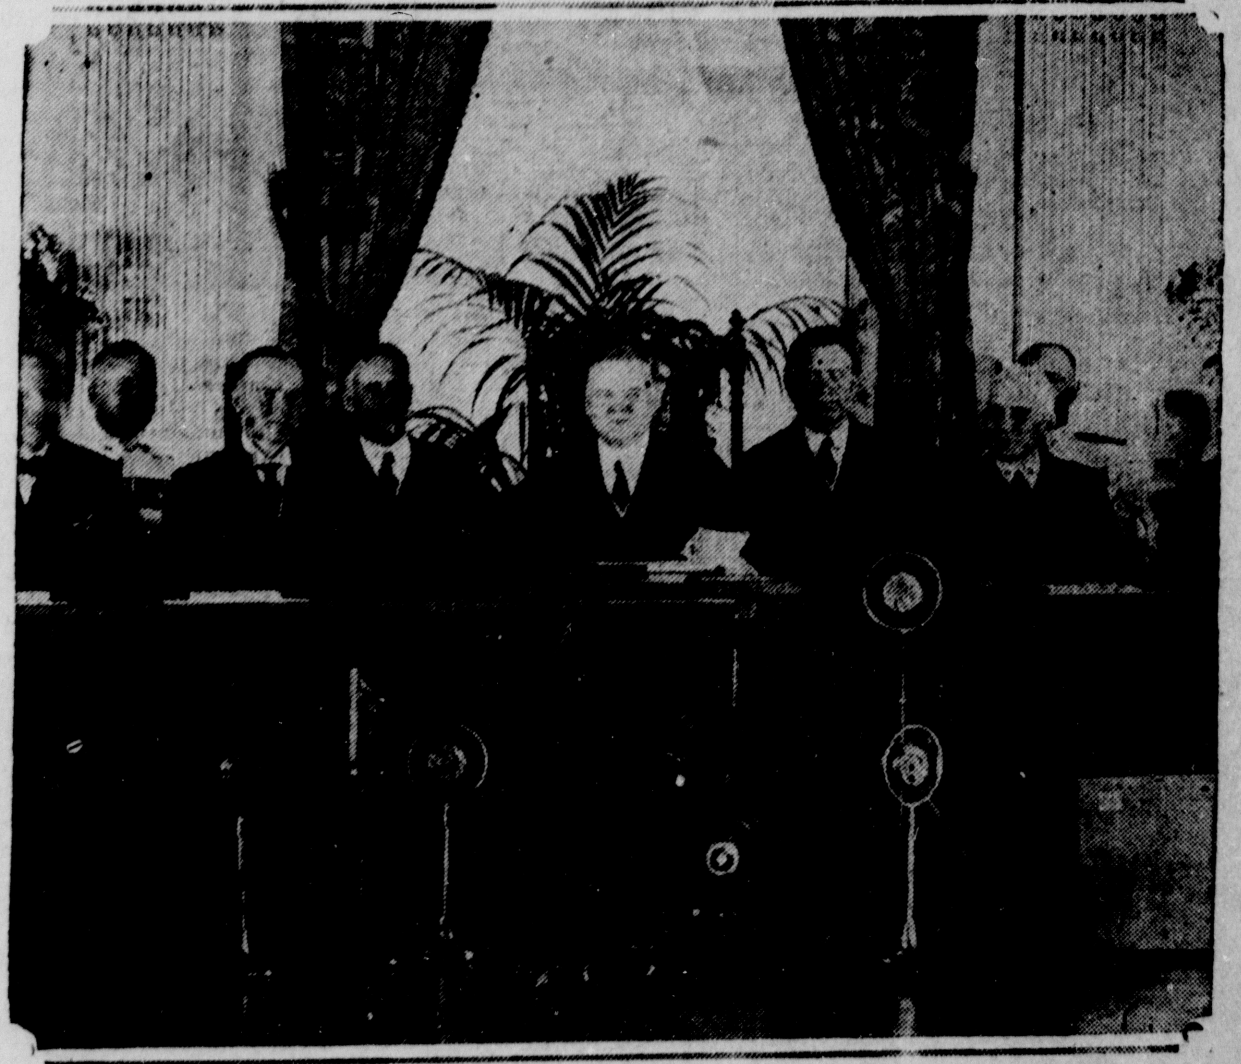

"Red" Jackson summed up the situation in a 14-word note to his parents, Mr. and Mrs. Henry (Shucks) Jackson, who flew here yesterday from their farm home at Faribault, Minn. "Everything is fine," he told them. "You'll have to wait a long time to see us."

The Jacksons, a bit air-sick but fully determined to go through with the matter, arrived over the field at 4:30 P. M. in a borrowed plane labelled "Spirit of Faribault" and bearing the inscription: "Hello, son! Here is Pa and Ma Jackson."

BRAINERD 25 YEARS AGO

From the Daily Dispatch

July 26, 1904

The employees at the shops are somewhat elated over a change in time which went into effect yesterday. They are on a nine hour basis now, the notice stating it would be in effect until the first of the month. Some think the schedule will be kept in force longer than that.

The wedding of Miss Maude Davis, daughter of Mr. and Mrs. Walter Davis to Dr. W. S. Mowers will be solemnized this evening at the home of the bride's parents. After the wedding supper the couple will leave on an extended wedding trip east and expect to be gone about five months.

Mrs. E. Kaatz and son are making a big improvement in their store arrangement on Kindred street by doing away with two separate doors and putting in a middle entrance. The partition is being taken out and on one side will be millinery notions and on the other dry goods, gents furnishings and so forth.

Supt. Sovereign's private car came in from Staples this afternoon with several people who will attend the Mowers-Davis wedding this evening.

Judge W. S. McClenahan will convene a special term of the district court in the city on Saturday. This term is called for the purpose of perfecting naturalization papers. This will be the last opportunity before the general election this fall.

From present indications, Crow Wing, Cass and other counties in this vicinity will be blessed this year with a bumper crop, for all the small grain never looked better at this season of the year. Last year too much moisture was had and some experienced difficulty in putting the seed in the ground and harvesting it afterwards. The hay crop also is excellent and the weather the past ten days or two

The druggists of the city met yesterday afternoon to take action regarding the petition which was circulated asking that their places of business be closed each evening at 8 o'clock. They decided that they could not close their stores on account of the prescription business. They did decide, however, to close from 1 to 6:30 on Sunday afternoons.

The marriage of Dr. Saxe W. Mowers and Miss Maude Davis, youngest daughter of Mr. and Mrs. Walter Davis occurred last night, and the affair was one of the most beautiful home weddings ever solemnized in Brainerd. Dr. Mowers is assistant chief surgeon at the Northern Pacific Sanitarium in the city. A large number of out of town guests were present. Miss Davis was attired in a gown made of Valenciennes net lace trimmed with point venise over chiffon with taffeta silk linings.

A special train in charge of Conductor Chet Atherton went north at an early hour this morning and on it were General Manager Gemmell of the M. & I., Assistant Superintendent Newman Kline of the N. P., Assistant General Passenger Agent A. B. Smith, General Immigration Agent C. W. Mott of the N. P. and Supt. W. H. Strachan of the M. & I. It is understood the officials went over the line on a general inspection tour.

Brainerd Lodge No. 47 A. O. U. W. will have a big celebration tomorrow night at Elks hall when a class of 42 candidates will be initiated. Grand Master Workman W. B. Anderson of St. Paul and Grand Recorder Chas. E. Larson will be present. A banquet in Gardner hall will follow the initiation.

ENTERTAINS FOR MRS. ARTHUR LA BELLE

Mrs. W. H. Cleary is Hostess at Her Home Wednesday Evening

Mrs. W. H. Cleary, 511 North Fifth Street, entertained at a 7 o'clock dinner on Wednesday evening in compliment to Mrs. Arthur LaBelle, formerly Miss Islay McColl.

The table was beautiful in its decorations with candles and a large silver bowl filled with garden flowers. A veiled bride was the place card for the honor guest, with the others harmonizing. The bride's cake was cut by Mrs. LaBelle.

Following the dinner, Miss Katherine Cleary gave a number of piano selections and Mrs. D. E. Whitney read in her charming manner the play entitled "Rich Man, Poor Man."

The guests present were members of a Sewing club of which Mrs. LaBelle has been a member for a number of years and included the following: Mrs. Arthur LaBelle, Mrs. Harry O'Brien, Mrs. Clyde E. Parker, Mrs. Levi Johnson, Mrs. D. E. Whitney.

Mrs. W. V. Turcotte, Miss Maybelle Greweck, Miss Corna Stickney and Miss Winifred V. Small.

Mrs. LaBelle was presented with a half dozen amber crystal goblets and a half dozen amber crystal sherbet dishes.

Only Master Artistry Creates Such Beauty

IN THE opinion of leading engineers and hundreds of thousands of enthusiastic owners, the patented Knight double sleeve-valve engine is the simplest and most efficient automobile power plant ever designed.

In each cylinder, two sliding sleeves combine with the dome-shaped cylinder head to form a tightly sealed combustion chamber. This cylinder head directs the full force of the explosion straight downward against the piston, making the most efficient use of the highly compressed gas. The great turbulence of the gases in the spherical chamber causes a faster burning of the fuel and therefore a more effective explosion and extra power. The Willys-Knight engine gives uniform compression at all times, at all speeds and with any gas.

Twin Island school district No. 47 had the largest attendance in years at their annual meeting last week. The voters expressed perfect satisfaction with the transportation of pupils to the Riverton school for the past two

years. The motion to transport again this year, providing the board could renew their contract with the Riverton board, carried without a dissenting vote. Everyone appreciates the superior advantages offered by the Riverton school and we feel that the board is very generous and broad-minded in admitting our children.

Keep to the Right

"KEEP to the right" is the first rule in all traffic laws, but according to Earle Brown, chief of the state traffic patrol, this rule is broken by more people than any other and failure to observe this rule is responsible for a very large percentage of highway accidents, says a highway bulletin made public recently.

The bulletin continues that reports by the state traffic patrolmen, who have now finished their second week of active duty, show that violation of the "keep to the right" rule is very general, and they have spent a large portion of their time cautioning drivers, and calling attention to the danger in breaking this rule.

"The tendency of a large number of drivers is to hug the center of the road, but on state highways this is both dangerous and unnecessary," Mr. Brown says. "On the old type eighteen foot pavements, if you drive with your left wheels two feet outside the center line, you still have two feet between your right wheels and the outer edge of the concrete. On the twenty foot pavements and the gravel roads you have still more room.

"Where there is no traffic approaching, it may seem harmless to drive in the middle of the road, but it is just as easy to keep to the right. It is a good habit to acquire. If your right wheels get outside the pavement or the gravel, nothing serious will happen, but if you go over the center line and meet someone who is doing the same thing, an accident is inevitable. If drivers will keep to the right except when passing other cars, not pass cars unless the left side is free from oncoming cars for a safe distance ahead, and not pass cars on turns, at crossings, on the crest of a hill, or other places where the view is obstructed, half of our highway accidents could be avoided."

Only a few arrests have been made by the state patrolmen since they went on the road two weeks ago. No arrests have been made except for drunken or reckless driving. Driving without license plates, driving with licenses covered by luggage or bumpers, parking on pavements, failure to stop at arterial highways, and driving with loads which exceed the size limits fixed by law, are among violations frequently encountered, but so far no arrests have been made for any such offenses.

Eight men make up the first squad of state patrolmen and the full quota of thirty-five allowed by law will not be reached until next spring. The men will alternate their time between highways in various parts of the state. All wear uniforms of dark gray whipcord and carry revolvers. Besides the regular traffic officers insignia they have the words "Minnesota Highway-State Patrol" in large yellow letters on the right shoulder.

The law abiding driver who commits a minor infraction of the traffic law need have no fear when he sees one of these men pull up beside him, according to Mr. Brown. They are on the road to help him travel safely, and not to make trouble for him. Arrests will be made only for serious or deliberate violations of the traffic act.

Dressing Comfortably in Hot Weather

WOMAN has solved the problem of dressing comfortably in hot weather. Mere man shrugs his shoulders and deprecates the short skirts and sleeveless dress, the ankle hosiery and everything else that contributes to keep a woman cool and even tempered.

The average man sticks to his coat and vest and long trousers. The golfer has found his garb conducive to comfort and is the first to break away from staid clothing fetters.

It has remained, however, for a North Carolina editor, to take the revolutionary step of adopting pajamas as every day hot weather garb. Nobody arrested him and the dress caused little comment in his home town of Elizabeth.

When interviewed by the United Press, W. O. Saunders, the editor, said that the American woman today with her sheer one piece frock, a skimpy step-in, silk hose and light weight soft leather shoes is the best dressed woman in the world and thoroughly comfortable, and fool men go right on wearing woolen coat and trousers, collars around their necks and heavy leather shoes, all through the summer.

"Possibly they have hesitated to seek reform through a baseless superstition that it is against the law for them to dare to be different."

The New Schoolhouse

A schoolhouse once upon a time was a single building containing several rows of desks and a few blackboards. It was used for educating children and had no secondary uses.

But changing times have made the schoolhouse into something more. A memorandum from the Department of the Interior, says the Bloomington Pantagraph, points out that schoolhouses now are fast being converted into community centers, with facilities for directing and organizing the spare time activities of many people, young and old.

Playgrounds are centering about some of the schoolhouses. Extension study clubs for adults meet there. The main auditorium of the schoolhouse is often used as a theater and lecture hall in the evenings.

The gymnasium ministers to the need of youngsters long after school hours. Truly the times are changing. No longer do a few rows of desks and a blackboard or two make a schoolhouse. Indeed, they sometimes seem the least important bits of furniture in the place.

JUST why the north end of Crow Wing county should be deficient in rainfall and the south half to be gaining more moisture is something we cannot explain. The only solution is that rain knows no boundary lines and falls where it is destined to fall.

THERE is such a thing as mass psychology. People do things while in mobs and crowds, that they would never even consider when acting purely as individuals.

WE hope China and Russia, now fomenting close to warfare, will not forget that they signed the Kellogg-Briand pact outlawing war.

is something we cannot explain. The only solution is that rain deficient in rainfall and the south half to be gaining more moisture

FIGHTING SPIRIT AND BATTLING STRENGTH, KEEPS UP CUBS

ALWAYS ON TOP OF HEAP OR VERY NEAR

AMERICA SCORES FIRST WIN IN DAVIS CUP PLAY

SINCE RETURNING TO NATIVE HEATH, HAVE WON FOUR STRAIGHT GAMES

YESTERDAY THEY WERE 7 RUNS DOWN AT END OF 2ND INNING WITH PHILADELPHIA

By WILLIAM J. DUNN
(United Press Staff Correspondent)

New York, July 27.—Fighting spirit as well as batting strength has kept the Chicago Cubs in the pennant race this year, always within striking distance or on top of the heap.

Since returning to their native pastures on the north side of Chicago last Tuesday, the Cubs have won four straight games and only one, the first was taken without the necessity of fighting for lost points.

Yesterday the Cubs were seven runs down at the end of the second inning with Philadelphia—a disadvantage large enough to discourage any team. On the contrary, however, Chicago rallied with five runs in the third and six more in the fourth to take a lead they never surrendered.

Thursday Chicago played and beat New York, 8 to 5, and had to come from behind twice to turn the trick. On Wednesday their four-run lead was wiped out when New York staged a seven-run rally in the seventh inning. The Cubs just kept plugging along and picked up the four runs necessary for an 8 to 7 victory.

The presence of this fighting spirit is one of the most encouraging factors in the Cubs' pennant fight this year. In years past the Chicago Nationals have been wont to stay in the race until mid-season, sometimes a bit later, and then curl up like a leaf in autumn and fade from the picture.

When Chicago acquired Rogers Hornsby from Boston in the famous mid-winter deal with the Braves, critics declared that the batting power the Rajah would bring to Chicago would be just what was necessary to make a pennant winner of that team.

Hornsby, later events have shown, has been in no small sense responsible for the success of the Cubs this year, but his worth must be estimated in more than cold batting figures.

One great hitter is also an inspirational team-mate. He has succeeded in instilling into his fellow Chicagoans the same spirit that marked the triumphant St. Louis Cardinals of 1928, whom he led to their first world championship.

Hornsby, like Joe McCarthy, manager of the team, is essentially a fighter and, together, this pair have worked the Cubs to that psychological point where their determination to win increases as the going grows rougher.

FIELDS IS FOULED BY LOW PUNCHES BY JOE DUNDEE

FIELDS STARTED AFTER DUNDEE IN 1ST ROUND, AND AHEAD ON POINTS

OPENED 2ND ROUND BY FLOORING DUNDEE FOR COUNTS OF 6 AND 7

Detroit, Mich., July 27.—(U.P.)—On the head of Jackie Fields, product of Chicago's Ghetto, the world's welterweight crown rested today.

Jackie won undisputed claim to the title Thursday when he was fouled by two low punches in the second round of his title fight with Joe Dundee, Baltimore Italian, who has been dodging the foremost challengers of his division with such consistency that he already had been deprived of his title by the National Boxing Association.

Jackie started after Dundee in the initial round and was ahead on points when the bell sounded. He opened the second round by flooring Dundee for a count of six. Joe came in gamely to take another solid smash on the jaw and went down for the count of seven. From that point on he was as good as beaten.

As Joe came up, he staggered against the ropes and then lunged toward Fields, both arms swinging wildly. The first, a right, landed in the groin and Jackie fell back in pain amid the crowd's boos. The second, a left, also landed low and Jackie fell prostrate to the floor.

When it was obvious he was too badly hurt to continue, Fields' hand was raised as winner—as newly crowned welterweight champion of the world. The fans howled in delight.

Jackie's victory last night was convincing. He was master of the fight from the outset and had whipped Dundee so badly that Joe was irresponsible for the low blows he landed.

The fight drew a crowd of approximately 31,000 and gate receipts of about \$175,000.

By BERT DEMBY
(United Press Staff Correspondent)
Chicago, July 27.—(U.P.)—Born Jackie Finkelstein in Chicago's ghetto—that part of this city where you see your fists or you don't get along—has Jackie Fields now and welterweight champion of the world.

It isn't so long ago that those little ragamuffins who played about Halstead and Maxwell streets were wont to say: "Well maybe that's all right and maybe it ain't, if it ain't your better look out for Jackie, cause he'll bust your beeper."

They say of Jackie that he was the "scientific guy" of the district long before he ever was heard of as a leading welterweight the boys who use their fists in the Ghetto knew that he could beat a tattoo on a guy's nose without a return.

That left hand was feared throughout the district—and that left hand right now is feared throughout the welterweight ranks. Joe Dundee learned about it last night when Jackie became the undisputed welterweight champion.

Dundee went down twice and then got up and hit low to lose officially via the foul route. Those who saw the fight will tell you that Fields would have won without the foul.

The boys in the Ghetto were rejoicing today. It isn't the first time they have seen one of their number rise to fistie heights.

But it's Jackie Finkelstein this time and they love him on Maxwell and Halstead street—love him because he never used anything but his fists in a fight and always was ready to shake hands "and take you into his gang after he beat a tattoo on your beeper."

VAN RYN, ALLISON BEAT FRENCH PAIR, BOROTRA, COCHET

YOUTHFUL DOUBLES COMBINATION DEFEATS VETERAN FRENCH TEAM

AMERICAN'S CHANCES OF REGAINING CUP CONTINUE SLIGHT, HOWEVER.

Roland Garros Stadium, Auteuil, France, July 27.—(U.P.)—America scored its first victory in the challenge round of Davis Cup play here today when John Van Ryn and Wilmer Allison, youthful doubles combination, beat the veteran French team of Jean Borotra and Henri Cochet, 6-1, 8-6, 6-4.

The victory left the French team, defending the trophy, with a two-match lead over the Americans. Cochet and Borotra having won their singles matches yesterday, over William T. Tilden III, and George Lott, respectively.

America's chances of regaining the cup it lost to France three years ago were still very slight, despite the brilliant victory today.

Cochet and Borotra demonstrated their singles mastery in yesterday's opening matches and will be heavy favorites to win both matches tomorrow.

The program for tomorrow is just the reverse of yesterday's. Cochet, who beat Tilden, will meet Lott and Borotra will oppose Tilden.

CHICAGO CUBS ARE SETTING A NEW ATTENDANCE MARK

Chicago, July 27.—(U.P.)—If the Chicago Cubs continue their present drawing power there seems little doubt but what a new baseball attendance record will be set. Already the Cubs have drawn approximately 750,000 fans, with little more than half the home games played. The National league record is 1,200,000, established by the Cubs in 1927. At the present rate of attendance the Chicago team would draw almost 1,500,000 persons this season.

Carnival Flier

Watching the Scoreboard

(By United Press)
Yesterday's Hero—Ed Wells, New York pitcher, who held St. Louis to eight scattered hits and won a shut-out victory, 9 to 0. He was aided, offensively, by Bill Dickey, his battery mate, who clouted two home runs.

The victory failed to improve New York's standing in the league race, however, for the Philadelphia Athletics took a 3 to 1 decision from the Chicago White Sox to maintain their 10½ game lead. Howard Ehmke and Ted Lyons waged a pitching duel, the former allowing four hits and the latter seven.

Cleveland took an early lead and won from Washington, 4 to 2, while Detroit checked Boston, 4 to 1.

The Chicago Cubs overcame a seven-run lead to beat the Philadelphia Phillies, 13 to 10, at Chicago. Chuck Klein hit his 31st homer of the season for the Phils.

Pittsburgh staged a three-run rally in the ninth to beat Boston, 9 to 8. Jake May held Brooklyn to six hits and Cincinnati beat Brooklyn 4 to 1.

New York lost its fourth straight game of the western trip at St. Louis, 4 to 3.

CRUCIAL BALL GAME FOR N. P. SUNDAY

WIN BY CROSBY ORE DIGGERS MEANS BRAINERD'S HOPES FOR PENNANT SMASHED

The last home game of the season in the Northwoods Baseball league for the Brainerd N. P. team will be played at the municipal field Sunday afternoon. The Crosby Ore Diggers will provide the opposition.

Richmond and Fogelstrom will do battery duty for Brainerd with Hanson, Jarboe, Peterson, Loom, Ringer, Nutting, Erickson, Swanson, Hautala and Fitzharris in the lineup.

Brainerd and the McCoy Nolan Giants, colored aggregation, will clash in a twilight game at the municipal field, Thursday, August 1.

The Sunday game is a crucial one for the home team in that a loss means their last chance at the pennant gone.

MANDELL TRYING HARD TO MAKE REQUIRED WEIGHT

Chicago, July 27.—(U.P.)—Sammy Mandell, lightweight champion, who is in training here for a title match with Tony Canzoneri August 2 may have difficulty in making the 135 pound weight limit. It was learned today. Sammy is approximately five pounds over the limit and the extra poundage has not responded readily to training. Extra reducing measures have been called upon.

COCHET DEFEATS TILDEN; BOROTRA BESTS GEO. LOTT

COCHET WINS IN STRAIGHT SETS 6-3, 6-1 AND 6-2, FROM TILDEN

BOROTRA DEFEATED LOTT IN 4 SETS, 6-1, 3-6, 6-4 AND 7-5

Roland Garros Stadium, Auteuil, France, July 27.—(U.P.)—France won both singles matches in the opening day's play of the Davis Cup challenge round yesterday, Henri Cochet beating William Tilden in straight sets, 6-3, 6-1, 6-2, after Jean Borotra had bested George Lott in four sets, 6-1, 3-6, 6-4, 7-5.

A packed gallery of 8,000 perched in the warm sunlight, watched the two Frenchmen rout the American players. Although Lott won one set from Borotra and carried the fourth set to deuce, there was never a moment during the match when the blonde Chicago boy looked like a winner.

Occasionally he had Borotra worried and working hard, but the bounding Basque's finer assortment of strokes and daring net play conquered him.

Tilden was completely at the mercy of Cochet who allowed the American veteran only six games in the three sets.

By winning both matches yesterday France virtually clinched the Davis Cup for another year. To retain the cup she needs only one more victory in the remaining three matches, the doubles today, and the two singles Sunday.

As a result of the two French tri-

umphs, Jacques Brugnon probably will pair with Cochet in the doubles against Wilmer Allison and John Van Ryn tomorrow in order to give Borotra an extra day's rest for his match against Tilden Sunday. Lott will play Cochet in the other singles match on Sunday.

The stands were rather surprised at the fine losing battle Lott put up against Borotra. Lack of experience probably lost Lott many points as the Chicago boy failed to take full advantage of the Basque's mistakes.

It was the general impression that Lott is a coming threat to French court supremacy.

"DON"

This is a picture of Don who is coming to Brainerd next Sunday night, July 28, with the Christy Obrecht Stock company, who open an eight nights engagement in their new beautiful waterproof tent located on the corner of Sixth and Oak streets. The opening play is a three act comedy drama "The Hoodlum." Between the acts of the play the usual high class vaudeville will also be presented and "Don" has the latest popular songs which he will sing for the theatre-goers. "Don" is the leading man with the Obrecht show. The prices are popular.

CRANDALL BEATS BIC ERICSSON IN EXCITING SETS

FASTEST PLAY OF SEASON SEEN AT GREGORY COURTS AS TWO BATTLE TO ENTER IN FINALS

CRANDALL WINS, 6-2, 3-6, 6-3, TO PLAY DONALD GEIST FOR TENNIS CHAMPIONSHIP

Archer Crandall and Lawrence Ericsson staged a battle for tennis supremacy in the semi finals of the men's tennis tournament at the Gregory courts last evening in which the semi finalists gave the fastest exhibition of play seen on the local courts this season.

Crandall won 6-2, 3-6, 6-3 after three hard fought sets. At times the players returned the ball ten times before the point was won.

Both men played a crafty game relying principally upon placements instead of hard driving although they demonstrated on numerous occasions their ability to do such.

As winner of the semi finals Crandall will play Donald Geist in the finals for the city men's championship. A medal will be given the winner.

Following the singles, a doubles tournament will be arranged. Wally Anderson is receiving entries.

When It Is Welcome

Lina Heane says the best time to say what you think is when you think of something that is pleasant for others to hear.—Toledo Blade.

When Dempsey Was Right—

WHEREVER pugilism is discussed the name of Jack Dempsey still holds magic sway. The public constantly tries to measure all heavyweights by its conception of the idolized "Manassa Mauler." Not even the illustrious and lordly John L. Sullivan had so large a following as the stalwart and most likable symbol of sock who is still hovering on national horizon.

Dempsey is the hot favorite of the average fight fan who firmly believes that, in his prime, Jack could knock out Sharkey and Schmeling in one ring and in a single evening. And many of them still think that Dempsey can train enough fat off, and sharpen up "Iron Mike," so he can polish off those who are aspiring to the championship.

Cartoonist Hardin Burnley has pictured some of the high lights in Dempsey's career that still glow brilliantly in fan memories. Remember that streak of purple tan that piled into the gigantic Jess Willard like a human trip-hammer

back in 1919? In less than a round, Dempsey had slugged his huge opponent into a red hulk. Think of what Jack did to the lively and scientific Carpenter two years later—practically named the round (the fourth) when he would stop the gallant Frenchman after the movie boys got in a few cranks. Jack was not as popular then as he is now, but he was just as good a fellow. Most of the mob was with Carpenter but, fighting the real Dempsey, Georges didn't even have the proverbial Chinaman's chance.

Of course, all fans recall the briefest and most brilliant of all heavy sock-exchanges, the night when Dempsey finally slammed Luis Firpo to sleep after that "Wild Bull of the Pampas" had slugged the champion over the ropes and came within a nod of winning the title. In that short bout, Dempsey was probably at the very peak. He rushed from his corner hoping to end the fight within a minute. Firpo nailed him with a tremendous right and from that moment on, all was dizzy shambles. It was slug after slug

until and after Dempsey was knocked over the upper strand of ropes. He returned, knocked Firpo down, the bell ended the round; and then in the second, Jack finally flattened Luis for the toll of ten.

Even when Gene Tunney out-pointed him at Philadelphia, winning the championship, and repeated a year later at Chicago (with a bow to that long count), Dempsey was still the public's idol. He looked like a fighter and acted like one; he always tore in and he had the sock (as Jack Sharkey knows best).

1,800 GALLON
WATERTANK CRASHES,
DOES MUCH DAMAGE

Minneapolis, July 27—(UP)—A two-story warehouse was demolished and thousands of dollars worth of furniture was damaged here today when an 1,800-gallon watertank crashed on the roof of the Luger Furniture Co. plant. Water was thrown for a half block in every direction as the huge container collapsed and crashed through the roof and second floor to the main floor. No one was injured.

LOUIS BLERIOT FLIES

ON 20th ANNIVERSARY

Dover, England, July 27—(UP)—Louis Bleriot, wearing his customary straw hat, flew across the English channel from Le Bourget field, Paris, commemorating the 20th anniversary of his history-making flight across the channel in 1909. He landed at the Swingate airfield near the memorial marking his early flight. Nine French airplanes escorted Bleriot across the channel, being met midway by 11 British planes. Bleriot will be guest of honor at an aviation banquet in the Hotel Savoy, London, tonight.

4 EXPECTED TO PLEAD GUILTY

District Court in Session Today to Hear Motions, Arraignments, Etc.

JUDGE TORRANCE ON BENCH

Liquor Charges Brought Included Sale and Manufacture, and Improper Car Driving

Four defendants were expected to plead guilty on liquor charges on arraignment this afternoon before Judge Graham Torrance in district court. They were:

Irwin C. Johnson and his wife, Hild. Brainerd, charged with the sale of intoxicating liquor on July 3. They waived preliminary hearing in municipal court this morning.

William McClean, Jenkins, charged with manufacture of liquor and arrested at his farm near Jenkins with a still in possession.

James Hanson, charged with driving an automobile while intoxicated in Ironton on July 13. The charge followed an automobile collision.

WATER CARNIVAL

Large Crowds Expected at Interesting Program at Lum Park Tomorrow

Large crowds are expected at tomorrow's water carnival at Lum Park, the second annual event in the history of the park. The outdoor motor races have recorded a large entry list, 50 of the fastest boats being assured on this card.

Canoe tilting will be an amusing feature of the water sports, as many of the contestants will be pushed from their frail craft and take to the water. Other canoe events will be gun-wale riding, four-man canoe race, etc.

The swimming events include 50 yards senior boys free style, 30 yards junior boys free style, 30 yards junior girls free style and fancy diving. Tonight the carnival crowd will be entertained by Jack Kane and his band at a change dance. Four freerides in the seaplane will be given away.

The plane will be at the park all day tomorrow to take up passengers and amusement seekers will find Lum Park an ideal spot to spend a cool and thrilling Sunday.

BRAINERD BOY MARRIED

Dr. Horace R. Skinner Weds Miss Eva Nordin of Yakima

A Seattle paper records a wedding interesting to Brainerd as the parents of the bridegroom, Mr. and Mrs. H. T. Skinner were formerly teachers in Brainerd.

Although taking place out of town, the wedding of Miss Eva Nordin, daughter of Mr. and Mrs. Peter Nordin of Marysville, to Dr. Horace R. Skinner of Yakima is interesting to many Yakima friends. Dr. Skinner is the son of Mr. and Mrs. H. T. Skinner of Wiwe Hollow. The charming ceremony was solemnized last Wednesday evening in the Nordin residence.

The Rev. H. Robinson McKee read the service in the presence of about 25 relatives of the two families and intimate friends. Tall baskets of gladioli and delphiniums decorated the living room where the service was read.

After the ceremony a wedding supper was served in the dining room, which was banked with many lovely flowers.

The bride, who was a graduate of Washington State college, was affiliated with Kappa Delta sorority and has been teaching in Seattle during the past year. Dr. Skinner was a graduate of Yakima high school with the class of 1917 and took his premedical course at Pullman. He is a member of Phi Epsilon as well as Phi Rho Sigma, professional fraternity at Washington University Medical school in St. Louis, from which he was graduated. He has recently completed his internship in the City hospital of Seattle.

After a short wedding trip Dr. and Mrs. Skinner will reside in Topenish, where Dr. Skinner will engage in practice.

ACCEPTED FOR TRAINING CAMP

Six Brainerd Boys Have Already Been Accepted for C. M. T. C. at Fort Snelling

ONE MONTH WITHOUT COST

Large Part of Camp Time to be Devoted to Athletics and Physical Training

Brainerd boys who have been accepted for the Citizens Military Training Camp at Fort Snelling from August 1-30 are the following: Arthur Brown, 223 9th street; Lee G. Clark, 403 North 3rd street; Carl A. Holvik, 1112 Oak street; Howard F. Hass, 324 3rd avenue N. E.; Lloyd G. Johnson, 1001 Rosewood street; Vernon R. White, 1005 Main street.

The Brainerd boys will be among the 2,000 young men at the camp which is open to all young men between the ages of 17 and 24. All expenses including railroad fare, board, lodging, clothing and equipment, medical and dental attention and laundry service are provided free by the United States government.

The camp provides an ideal summer outing lasting one month, entirely without cost to the young man. A direct contribution to the physical, mental and moral development of those attending is made providing 30 days of active outdoor life and training under the most desirable conditions. The camp teaches respect for authority, develops alertness and self-reliance, increases patriotism and a regard for the rights of others, promotes physical and moral courage, teaches observance and prompt decision, adds stamina and strength to the young manhood of the country and makes the individual more efficient, thereby increasing the collective wealth of the country.

A large part of the camp time is devoted to athletics and physical training. All students at the camp take part in athletics. Football, baseball, basketball, tennis, swimming, track work, boxing and wrestling and other sports are conducted under the supervision of expert coaches and physical directors.

Young men who attend this camp will incur no future obligation. They will return to their homes better prepared to take up the duties of citizens and that is all the government asks in return for this free vacation camp.

"A NIGHT IN PHILIPPINES"

To Be Presented at Pine Harbor Inn for Guests and Friends

Guests and their friends at Pine Harbor Inn will be entertained by five Filipino students of the University of Minnesota on Saturday evening. "A Night in the Philippines" will feature the program.

Serenading under the moonlight with songs in Filipino, Spanish and English will be presented, and an illustrated lecture covering the Spanish and American contributions in the Archipelago will be shown by Felisberto Cabotaje. Slides, beautifully colored, representing fully some of the romantic spots of the "Pearl of the Oriental Seas" will be shown. A very interesting program is assured.

These five Filipinos are working at Pine Harbor Inn this summer, and all expect to resume their studies at the University of Minnesota this fall.

BOY CONFESSES SERIES OF CRIMES

Admits to Sheriff Theorin at St. Cloud Robbery of Fort Ripley Postoffice

FACES MORE SERIOUS OFFENSE

Said to Have Confessed to Attempted Robbery of St. Stephen State Bank

Admission of guilt of the robbery of the Fort Ripley post office and general store July 14 was made by Louis Lancello, 17 year old Avon farmer boy when questioned by Sheriff Claus A. Theorin, Crow Wing county sheriff at St. Cloud yesterday.

The youth told Sheriff Theorin that he entered the general store primarily to secure some food. After taking a loaf of bread and other food the boy loaded a 200 pound safe on a hand cart and took it outside the building. He failed to open the safe however. Loot included about six dollars worth of stamps.

Lancello denied connection with the two recent oil station robberies here, the holdup of the Standard Oil station at Broadway and Front and the robbery of the Home Oil station, South Sixth street. Sheriff Theorin said he felt certain that the youth had no part in them.

Although the farm boy's escapades of crime totalled a score in various parts of Minnesota of recent date he will be charged at Stearns county with attempting to rob the St. Stephen State bank.

The youth is reported to have confessed to the attempted bank robbery. In the attempted robbery an acetylene torch was used but the robber failed to open the vault door after cutting through the heavy plate. There was \$3,200 in the vault at the time.

Davey Lee Comes in "Sonny Boy"

The Peoples theatre of Crosby announces the appearance Sunday, Monday and Tuesday, July 28, 29 and 30 of "Sonny Boy."

Warner Bros. latest picture, and the first starring vehicle for four-year-old Davey Lee, who won this early honor through his marvelous performance in support of Al Jolson in "The Singing Fool."

Davey's part in "Sonny Boy" has nothing of the tragic character of the role he had in the Jolson play. He is shown as the child of temporarily battling parents, and to keep the child's father from taking Sonny Boy with him, his mother plans with her sister to kidnap him. It is by his winsome and ingenious doings that things are finally straightened out.

The inimitable charm of Davey Lee is not to be explained, it is as inexplicable as genius always is, but there are a thousand little, odd, whimsical, effia, unstudied ways he has, of waving his tiny hands, rolling his big eyes, and getting his diminutive body into unexpected shapes, that set audiences into peals of laughter—the mellow, heartwarming laughter that comes from the heart.

MAHLUM FORMS NEW FUEL CONCERN

Sells Interests in Granite City Lumber Co. to J. F. Anderson Co. Minneapolis

CHANGES AT ST. CLOUD

National Fuel Co. Purchases Five Coal Yards, Plans Purchase of Others

Sale of the Granite City Lumber company operated in St. Cloud since 1924 by Milton Mahlum formerly of Brainerd to the J. F. Anderson company of Minneapolis, a chain concern operating some 68 yards in three states and of the organization of the National Fuel company, a chain corporation to operate coal yards in the northwest is announced.

At the time of the announcement of the completion of the deals, Milton Mahlum, president and general manager of the recently organized National Fuel company with headquarters at St. Cloud, announced the purchase of five yards by the corporation and stated that deals are being consummated for several additional purchases. Yards already purchased are at Minneapolis, Anoka, Crookston and Grand Forks.

W. W. Koop, formerly yard manager for the Granite City Lumber and Fuel Co. will be general manager of the St. Cloud yards.

AVIATION NEWS OF BRAINERD

Lowe and Wintheiser of Kansas City, Kans., Landed at Rosko Airport Yesterday

CONTINUE TO MILL CITY

Lieut. Tom Lane, in Huge Seaplane, Arrives at Lum Park, Rice Lake, This Noon

H. S. Lowe, district sales manager of the American Eagle Aircraft Corporation and Pilot Art Wintheiser of Kansas City, Kans., landed at 3 o'clock yesterday afternoon at the Rosko airport on their way south to Minneapolis. They left the Fairfax Airport at Kansas City early yesterday morning and are making a survey of various airports. They flew an American Eagle three-place. After a short stay in town they flew to Minneapolis.

Lieutenant Tom Lane, of St. Paul, veteran war flier, landed his \$20,000 Fairchild cabin monoplane equipped with pontoons at Rice Lake, Lum Park, this noon and will participate in the Water Carnival to be held there tomorrow. He will take up passengers for flights over the lakes near the city today and tomorrow. The plane carries four passengers and the pilot.

Pilot R. F. Gleason and Sergt. R. A. Carroll, mechanic of the Buhl four-passenger air sedan which landed at Rosko field yesterday morning were joined at 2 P. M. by the plane owner, S. J. Wilson, head of the Northwest Mines corporation, and flew to the latter's home in Spokane, Wash. Mr. Wilson and party had been fishing near Remer and motored down to join the plane at the Rosko field.

An invitation has been extended Haughland and Crichton of the Minnesota endurance flight to fly over Brainerd. It is reported they have been talking short sidetrips from Wold Chamberlain field to southern Minnesota and northern Wisconsin towns.

An invitation has been extended Norman Warsnake, president of the Canadian-American Airways, Inc., to fly one of the planes of his new fleet to Brainerd to inspect airport and conditions here.

PLAN BIG FALL CELEBRATION

Harvest Festival to be Held at Lum Park, August 30 to Include Labor Day

Plans for staging in Brainerd the biggest Harvest Festival ever held in the northwest are well advanced. The celebration will last four days starting August 30 and ending Labor Day.

Special attractions are being secured from the Twin Cities for the occasion by Manager Robert Block to augment the extensive variety of sports and other amusements which will be provided for the entertainment of all vacation land, so that a complete program with an entire change will be given each day.

One of the big features will be a water carnival with speedy motor boat races, seaplanes, aquaplaning and every variety of water sports, an extensive program complete in itself and

equal to any similar event staged in the state.

Special riding devices for the kiddies have been arranged for and thrilling rides for the younger people will be furnished. Efforts are being made by the management to secure attractions for the entertainment of all ages and every class and the celebration will be extensively advertised in all parts of vacationland, including all of the resorts, many of which will be represented in a group of bathing beauties who will take part in the Festival.

The selection of the "Queen of Vacationland" will also be a feature in which it is expected all of the surrounding towns will be represented.
